

This clean, simple and lightweight wall mount accepts all cassettes and frames from the FX UHD ecosystem. This modular platform can be stacked vertically to create an interconnect, while the patching spaces can be combined in a horizontal configuration for cross-connect. The main service area is lockable and separated from the patching space compartment: ideal for MDUs and Passive Optical LAN.

BENEFITS

- Accommodates up to 48 splices
- Flexible and stackable configurations for interconnect and cross-connect
- Multiple field-termination options - supports splice cassettes, splice trays and splice-on

FEATURES

- Integrated slack and patch cord management for ease of use
- Lockable main compartment to prevent access to backbone cables
- Large grommets for incoming cable - 2" inner diameter, allowing for 48x5mm drop cables

TECHNICAL DATA

Part No.	Description	Max Capacity
AX106817	FX UHD Wall Mount Patch Panel, Black	4 Cassettes; 4 Frames; 48 Fibers (SC, SCD, ST, LCD); 4 FXU Fusion Trays, 8-inch (AX103912)
AX106818	FX UHD Wall Mount Patch Panel, Gray
